Hi Ken,

Yes, Tuesday at 10 works for me and Jay.

I'm actually available pretty much all day, including the time you'll be here in town so we can meet for as long as we need to.

We can also discuss the Ponderay permit for a few minutes as well.

When you arrive, go through our security check in there on the first floor and they'll call me to come down and pick you up.

See you tomorrow.

Dave

Hi David,

I bought nonrefundable flights for Tuesday betting you would be able to fit me in. I plan on leaving early in the morning and being in Seattle from 9-3. I'm hoping you can fit me in somewhere tomorrow - for lunch if nothing else. Thanks --Ken

Hi Ken,

We've completed our review and have a few things we'd like to provide feedback on.

Would it be possible for Ridolfi to come to our office and hook you up by phone? That way we could convey our thoughts verbally and Ridolfi could capture them for your consideration.

We could do it as early as next Tuesday.

Let me know what you think.

Dave

Thanks Ken.

Will this have any impact on the Tribe's current thinking regarding PSD reclassification?

It doesn't look like a done deal right now so I would assume that the Usk location could still be under consideration by the company.
